

From the A-PAD Bangladesh Activity Report
Month of April 2021

Project Title: Capacity Building Project for the Establishment and Sustainable Management of a Multi-Sector Platform for Disaster Management in Bangladesh

Project Period: 17 January, 2021 – 16 January, 2022 (12 month)

1. Project Activities and Accomplishments

A-PAD Bangladesh started project from January 2020 and presently continue it 17 January 2021 to build up capacity on disaster management. It communicate with the local community gave training on disaster management. To hold training program A-PAD Bangladesh staff organized small community meeting to sharing ideas on disaster and introduced them about A-PAD Bangladesh activity. A-PAD Bangladesh working 7 divisions in last years. Few areas people have ideas about A-PAD Bangladesh activity and few areas didn't know about A-PAD Bangladesh. So that the staffs' organized small community meeting to introduced them about A-PAD Bangladesh, short brief of disaster and make plan on training workshops with the local community and community leaders.

Total 1,960 persons were benefited from A-PAD Bangladesh on March 2021. A-PAD Bangladesh established disaster management coordination centers at 7 divisions. At that coordination centers A-PAD Bangladesh staff give training to the local community to build up resilience on disaster management. People from local community came to that coordination centers come to take suggestions on disaster management as well as public health. On April 2021 COVID-19 becoming high and Government of Bangladesh went for lockdown. At that situation all kind of training workshops has suspended. During that pandemic situation A-PAD Bangladesh staff continuing COVID-19 awareness program to aware the local community and build capacity on basic hygiene to protect them from COVID-19.

1. <u>Establishing emergency management coordination center in disaster-prone areas of Bangladesh</u> (Outcome 1) Successfully manage and run emergency disaster management co-ordination centers.		
Activities	Outcome Indicators to Measure Results:	Project Status: Achievements vs Outcome: If the activity is behind the schedule, please write the reason.
1-1 <u>Establishment of Emergency Disaster Management Co-ordination Center</u>	(Outcome 1-1) Local community get emergency health care and take emergency awareness program at this center. Target beneficiaries: Local Communities; 10 persons x 25 days x 7 divisions x 12 months = 21,000 persons (Monthly Goal: 10 persons x 25 days x 7 divisions = 1,750 persons)	Total 1,750 people visited to the Disaster Management Coordination Center to discuss about disaster preparedness and health related issues. 10 persons x 25 days x 7 divisions = 1,750 persons
1-2 <u>COVID-19 awareness program in 7 divisional areas</u>	(Outcome 1-2) More than 700 people take COVID-19 awareness training session, and have access to accurate knowledge and preventive measures. Target beneficiaries: 25 participants x 4 sessions x 7 divisions = 700 participants	CIS conducted COVID-19 awareness program at 7 divisions. During the pandemic situation the number of participant reduced but number of training sessions will increase to achieve the goal. 15 participants x 2 sessions x 7 divisions = 210 Participants
1-3 <u>Establish quality lab facilities to identify the COVID-19 cases</u>	(Outcome 1-3) More than 9000 Covid-19 PCR tests are conducted, and knowledge and research results are shared among stakeholders. Target beneficiaries: 30 persons x 25 days x 12 months = 9,000 persons (Monthly Goal: 30 persons x 25 days = 750 persons)	Number of test cases Required Document; test results report
2. <u>Establish a network among NPF members and Strengthen A-PAD Bangladesh National Platform</u> (Outcome 2)		

Strengthened A-PAD Bangladesh National Platform as foundation of national collaboration among the networking members		
1-1 <u>Self-assessment of networking member organization</u>	(Outcome 2-1) Roles, responsibilities, capacities and interests of A-PAD BGD members are identified through the self-assessment. More than 25 organizations conduct self-assessment.	<ol style="list-style-type: none"> 1. Are programs, plan, training module and capabilities evaluated through exercise? Yes: 89% No: 3% Need to Improve 8% 2. Has the program relevant to the disaster management? Yes: 95% No: 5% 3. How was the participation of the participants? Excellent: 90% Good: 7% Average:3% 4. Do performance objective address both short term and long term needs? Yes: 80% No: 16% Unknown:4%
1-2 <u>Strategic Planning Network Meeting</u>	(Outcome 2-2) 3500 people attend the strategic planning meeting and a strategic plan is developed. Target beneficiaries: 100 persons x 5 villages x 7 divisions = 3500 participants	
2-3 <u>Networking partners DRR Training</u>	(Outcome 2-3) Network partners capacity is improved more than 20% compared to previous	

	<p>year. Conducting 1 to 5 scale self-assessment</p> <p>Target beneficiaries: 30 persons x 2 org x 7 divisions x 2 times = 840 participants</p>	
<p>2-4 <u>Increase NPF members and maintain partnership with network member organization</u></p>	<p>(Outcome 2-4) More than 10 organization join the A-PAD BGD NPF.</p>	<p>Number of new NPF member organization</p>
<p>2-5 <u>International Symposium on DRR</u></p>	<p>(Outcome 2-5) More than 200 people attend the international symposium from national and overseas. More than 5 best DRR practices are shared. More than 80% of the attendees answer that the symposium is useful. Using the same measures of 2019 international symposium.</p> <p>Target beneficiaries: 200 participants</p>	<p>Questionaries' about the symposium Required Document; Symposium Report</p>
<p>3. <u>Strengthen local capacity for disaster management</u> (Outcome 3) Local capacity for emergency response and disaster risk reduction are strengthened</p>		
<p>3-1 a) <u>Workshop on Disaster Management and Emergency Health Program for local community, community leaders and local NGO and private organizations personnel</u></p>	<p>(Outcome 3-1 a) Community Leader Network for Disaster Management and Emergency Health Program are built in 7 divisions.</p> <p>Indicators to Measure Results: <u>More than 100 Community Leaders each in 7 divisions who take the workshop are registered as Network Member for Disaster Management and Emergency Health Program</u></p>	<p>Number of people registered as Network Members</p>

	Target beneficiaries: 50 persons x 7 divisions x 2 times = 700 persons	
3-1 <u>b) Local NGO Emergency Health providers training</u>	<p>(Outcome 3-1 b) Emergency Health Providers Network for Emergency Health Response are built in 7 divisions</p> <p>Indicators to Measure Results: <u>More than 25 Health Providers each in 7 divisions who take the training are registered as Network Member for Emergency Health Response</u></p> <p>Target beneficiaries: 25 pers/time x 7 divisions = 175 persons</p>	Number of people registered as Network Members
